Subject: RE: Targets

Hi Walt. Thanks for sharing. Allison is the new WV Coordinator – Lisa is on detail to SF.

Thanks.

Lisa and Stacie. I'm heading out to WV to visit the [Nonresponsive based on revised scope] plant next week. DEP suggested myself and a gentleman from WV Rural Water Assoc take a trip.

Just an FYI. Hope you are well!

Thanks, Walt. You mean [Nonresponsive based on revised scope] right?

We recently inspected [Nonresponsive based on revised scope] in DE, that I forgot to mention.

Here are the MHPs we have been working with.

Nonresponsive based on revised scope

These are the few th

Subject: RE: Targets

Hey there. If you could share the mobile home park info that would be great. I was looking to visit some and they may be the same ones. Either way, if there operator or owner could use a hand maybe I can help.

Also, myself and a gentleman from WV Rural Water Assoc have been working with [redacted] They have a different operator now and I was told by the David Mercer (WVRWA) that he seems like a smart guy. They have lots of NH4 violations. David suggested the operator make on change and see if it helps. Either way, if they need to be dinged, ding away!

Merry Christmas!!

Walt – This will give you a sense of where we are with inspections/targets planned. Our contractor did a few mobile home parks in MD and VA as well over the last few months that have had chronic issues. If you want their info., let me know, and I will share. We are working on identifying some addition targets for later in the year as well on the WW side (both municipal and industrial).

Thanks.

Subject: Targets

Amanda – This is what I have done for the new targets for Q2 for SNC. Not included in this list are the 3 remaining on the FY20 contract in PA [redacted] but I know the contractor is planning to do them in January. Just want to make sure your list matches mine.

Thanks.
